

M.ZUIKO DIGITAL ED 25MM F1.2 PRO AT F1.2, 1/800, ISO 200

THE SUPERIOR OPTICS
OF THIS BRIGHT F1.2
LENS

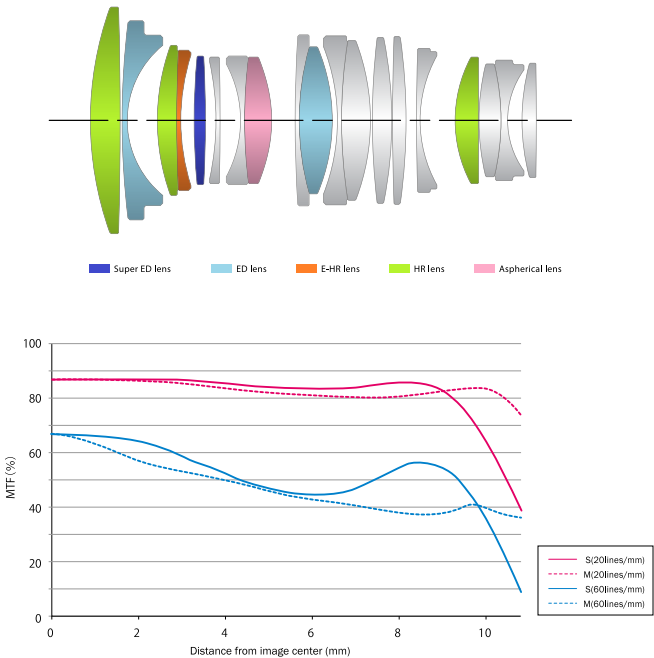

come from the most complex construction of any MFT lens to date.* Even at wide-open aperture, this lens achieves an optimal balance of high resolution and beautiful bokeh for a natural three-dimensional effect. A single focusing element provides fast accurate AF performance, and our advanced Z Coating Nano virtually eliminates flare. This high-speed lens is ideal for portraits, low light, and freezing fast movement.

*As of September 2016.
