BLH-1 RECHARGEABLE LITHIUM-ION BATTERY

Replacement battery for the E-M1 Mark II and HLD-9 Grip.

Retail \$69.99

AC-5 ADAPTER

Plugs into the HLD-9 Power Battery Grip

Retail \$139.99

RM-CB2 RELEASE CABLE

Focus and trigger your OM-D E-M1 Mark II without the vibration associated with using the shutter release button. Useful for macro and micro photography where it's absolutely critical that the camera remain still. Connects via a 2.5mm mini stereo plug, freeing up the USB port for tethered shooting.

Retail \$54.99

FL-900R FLASH

Weatherproof, high-intensity flash boasts a guide number of 58 meters (at ISO 100) and covers a wide range of focal lengths with an electronic zoom head. When paired with the OM-D E-M1 Mark II camera body, the FL-900R becomes a sequential shooting powerhouse. The flash fires continuously at 10 frames per second for 100 shots at 1/128 power or 30 times at 1/32 power! State-of-the-art charging circuitry enables the FL-900R to recycle in just 2.5 seconds when shooting sequentially.

Retail \$579.99

MACRO FLASH SET STF-8

Weatherproof macro flash set offers unparalleled macro lighting control. In addition to full TTL auto-sync, you can manually choose the output power, from full all the way down to 1/128. The flash ratio between the left and right heads is also fully adjustable from 1:8 to 8:1. The heads are removable: position one to light your subject, the other to light the background, or any combination you choose. Compatible with Focus Stacking and Focus Bracketing available on the E-M1 Mark II. Compatible with M.Zuiko Digital ED 12-40 f2.8 PRO, 60mm f2.8 Macro and 30mm f3.5 macro lenses.
