

M.ZUIKO DIGITAL ED 12-100MM F4.0 IS PRO AT 100MM, F5.6, 1/400, ISO 200

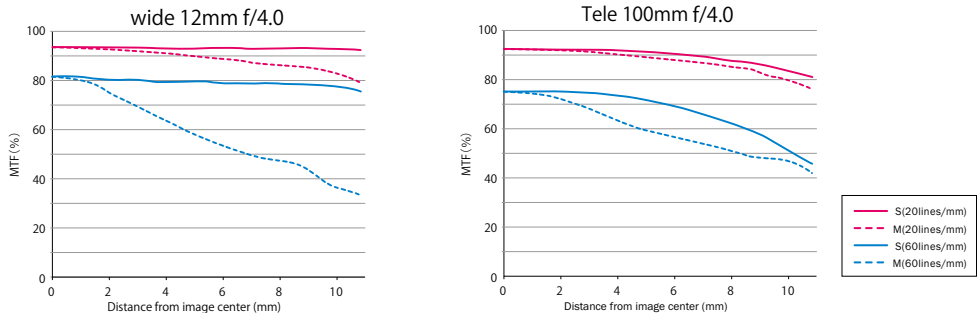

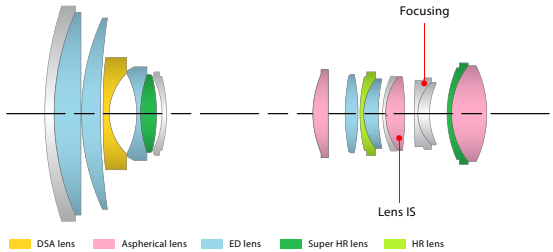

THE WORLD’S FIRST\* PRO ZOOM LENS to cover a focal range of 24-200mm (35mm equivalent) is lightweight and weatherproof. This lens boasts a constant aperture and delivers edge-to-edge sharpness throughout its zoom range. When combined with a compatible Olympus body, 5-Axis Sync IS provides the world’s most powerful image stabilization\* for crisp handheld telephoto shots, no tripod required. The minimum working distance of 1.5 cm makes this lens your ultimate all-in-one pro glass.

\*As of September 2016.
