

M.ZUIKO DIGITAL ED 40-150MM F2.8 PRO AT F3.2, 1/250, ISO 200

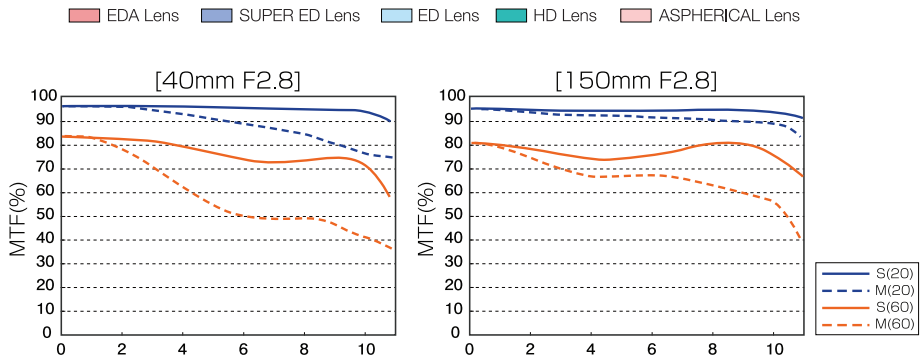

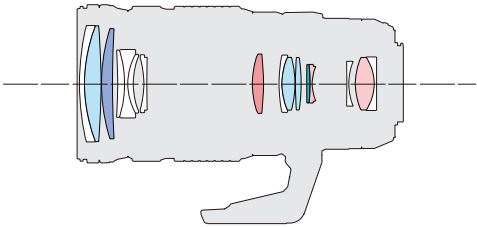

A COMPACT AND FULL-FEATURED ZOOM,

this surprisingly light lens weighs just 2 pounds and features Olympus’ industry-first dual VCM (voice coil motor) focusing system, which eliminates gears for incredibly smooth and rapid autofocus. Excellent for wildlife and fast-action sports photography, but versatile enough for wedding and portrait work.
